Rend the following from the Hon. Morris Mos ris, formerly Auditor of the State of Indiana: Indianapolis, Sept. 2, 1857.

Dr. C. W. Roback-Dear Sir. Having been troubled for several years with extreme debility

INDIANAPOLIS, Sept. 2, 1807.

DN. C. W. Robare—Dear Sir. Having been troubled for several years with extreme debility and weakness so much so that I couldn't attend to my ordinary business at times, and having heard of the wonderful cures that your Scandinavian Blood Purifier and Pils were effecting. I was induced by a friend to try them. I have been using the Puri er for the last twelve months, and find the medicine fully equal to its recommendations. So valuable is its use to me, that I can not moved dispense with the use of it at my advanced age of life—seventy-seven.

I cheerfully give this information for the benefit of those similarly affected.

Yours truly,

Morais Morais.

MEDICAL.

HOSTETTER'S STOMACH BITTERS.

It is a fact that, at some period, every mem-ber of the human family is subject to disease or disturbance of the boility functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure parameter health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostettor has in-troduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfac-tion to all who have used it. The Bitters

tion to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening acture, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Naussea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid imaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Disarrhees, dysentery or flux, so generally con-

Diarrhosa, dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend litters of some kind; then why not use an article known to be infol-lible? All nations have their Litters, as a pre-Note: All nations have their Litters as a pre-ventive of disease and strengthener of the sys-tem in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation ema-nated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science. FRUER AND AGUR.—This trying and provok-ing disease, which fixes its relemines great on

ing disease, which fixes its relentless grasp on the body of man, reducing him to a nere sha-dow in a short time, and rendering him phydow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as specific as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Fears, who are suffering from an enfeetbed constitution and infirm body, these Bitters are invaluable as a infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need coly be tried to be appreciated. And to a mather while nursing these Bitters are indispensable, especially where the mether's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tenic, such as Hostetter's Stomach Bitters, is needed to impart temporary streament and view to the series.

temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness. CAUTION .- We caution the public against using for Hosterten's Celebrated Stowach Bittens, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bettle, and stamped on the metallic cap covering the cork, and observe that our autograph rignature is on the label.

This Celebrated Prepara.

This celebrated for a class of diseases more
general and more intal than any other to which he
people of this country are subject—those springing
from a "sight cold." That eminent authority.

Dr. Bell, says: "I will not say that colds are to
our inhabitants what the plague and sellow free
are to those of other countries: but, I can aver
confidently that they usher in disease of greater
complicity and mortality than these latter."

A further proof of the terrible fatality of diseases
resulting from a "common cold" may be seen by a
glance at the following statistics, taken from the
Records of the Board of Health of Philadelphia,
contessedly one of the most healthy localities in
the Union:—

Died of Consumption ... 1,912 Died of all other diseases (250 in number) ... 8,349

From these figures, it will be seen that nearly one-fourth of the total deaths in the country are caused by Consumption, to say nothing of the numerous other diseases springing from a "slight merous other diseases springing from a "slight cold."

Do not trifle with your health; but, if suffering from a Cough, or Cold on the Lungs, buy a bottle of HOOFLAND'S BALSAMIC CORDIAL, and you may safely count on a cure. Thousands have done so, and taxe certified to its wonderful effects. Coughs sometimes proceed from a disordered or dyspeptic state of the stomech, in which case the German Bitters should be used. In cases of workness, or general debility of the system, resulting from a protracted Cough, the German Bitters will be lound of great benefit.
